

BIO INSPIRATION

Hallmark Research Initiative

\$30K SEED FUNDING COMPETITION

Entries close 31st July 2020

Guidelines and submission information at:
bioinspiration.science.unimelb.edu.au

The Challenge

Teams develop creative, nature-inspired solutions to global/ practical/ human technological and design challenges. The competition will award **\$10,000** seed funding to the top three entries. Each entry should demonstrate potential commercial application.

Category 1

BioInspired improved performance or direct replacement

Demonstrate a biologically-inspired replacement for an existing synthetic object, material, process or service, or how natural materials provide superior performance

Category 2

BioInspired design or technology innovation

Demonstrate how biology can be used to achieve something in a way that has not been done before
